

If one oak tree soaks up
40,000 gallons of stormwater
in one year, what happens when
650 trees are removed
from White's Woods?

Learn about this issue at a free Zoom webinar
"The Role of Trees and Forests in Managing Stormwater,"
sponsored by the Friends of White's Woods
from **4 to 5 p.m., Thursday, Nov. 19.**

The webinar leader will be Vincent Cotrone,
a regional urban forester and educator at Penn State.

To attend, send an email to Info@friendsofwhiteswoods.org to receive
the Zoom link Nov. 19. There will be a question-and-answer period.
