INFORMATION BELOW From [A WALK IN PENN'S WOODS WEBSITE](#):

Welcome

This October we are making the entire month a Walk in Penn's Woods! We invite you to create your own woodland adventure. Visit the [Find a Woodland Adventure page](#) for a growing collection of opportunities to enjoy Penn's Woods throughout the month. We are showcasing trails to hike in a variety of counties across the state, virtual tours of unique Penn's Woods forests, and links to State Parks and partners that are continuing to offer formal woodland adventures. Be sure to send us pictures or post them on our [Facebook page](#) with the hashtag **#mywalkinpennswoods**.

We want to keep all our friends and partners safe, while still enabling the public to learn more about and appreciate Penn's Woods, and are working towards creative ways to do so.

In the meantime, enjoy the woods while being socially distant, but naturally near.
